Dear DU User,

You may change your password from the computer by doing the following instructions:

1. Login to any computer at DU.

2. Once logged on, from the keyboard press [Ctrl] + [Alt] + [Del] all at the same time.
3. From the menu, select "Change a password..."

4. Type in the old password, new password and then confirm the new password. *
   (Note: The DOMAIN\username part will be filled out for you.)
5. Press [Enter] or click the arrow.

6. Click "Ok" to finish.

If you find any difficulty while changing your password, please send email to helpdesk@du.edu.om
