

Graduation Ceremony
of the Second Group
of Dhofar University Graduates
16 September 2006

"We want our people to seek real science and gain true knowledge.

We want them to think, judge and add to the scientific, literary and intellectual fields."

Qaboos Bin Said

Dear Graduates,

Today is truly the beginning of the rest of your life. Years of hard work at Dhofar University have finally borne fruit and yielded an exceptional group of young men and women ready to take the world by storm. Your sense of reward is matched only by our pride. You and your alma mater have every reason to feel satisfied with a job well done, and a promise fulfilled.

You walk away today, equipped with modern technical knowledge in your respective specializations, grounded on the bedrock of ethical commitment to the welfare of your society. Dhofar University is certain that you will excel and shine in both arenas.

Guided by the support and wise directives of His Majesty Sultan Qaboos Bin Said, Dhofar University is very much “work in progress”, in the pursuit of excellence to occupy its rightful spot as a leading institution of higher learning in Oman and the region.

Please remember that, for a life time, you will be our ambassadors of good will, reflecting DU’s image and core values. This is a responsibility I know you will not take lightly.

Congratulations.

Hassan Diab
President
