## CCBA Celebrates 45th Omani National Day

The CCBA has taken an initiative in publicizing the activities and events taking place in the college in the form of a newsletter. This green initiative in the college has been taken by the publicity committee and through this news letter we will try to provide you the glimpse of each and every event and activity taking place in the CCBA, Dhofar University.

**Ms. Khayar Alansi makes a presentation about his Majesty and history of Sultanate of Oman**

**College of Commerce and Business Administration (CCBA) celebrated 45th National day of Oman. Ms. Khayar Al Ansi made a presentation about the history, important landmarks, and famous personalities of sultanate of Oman. She also shed light on the role of His Majesty as a peace icon. The entire Academic and non-academic staff of CCBA participated in this celebration.**

# Workshop on European Methodology of Establishing SMEs

The second workshop on the European methodology in establishing small and medium-sized enterprises was opened November 22-23, at the University of Dhofar. The workshop is hosted by the Entrepreneurship Center at the Faculty of Commerce and Administrative Sciences in collaboration with PROMOTECH CEI European Centre for innovation and creativity.

The chairperson of the center for entrepreneurship at Dhofar University; Dr. Samir Hammami; welcomed the guests at the beginning of the second workshop and explained the role of the center in serving the Omani society, then the vice chancellor of Dhofar University; Dr. Hassan Kashoob, opened the workshop and addressed the participants from outside the Sultanate appreciating their contributions in this event which coincides the celebration of the forty fifth national day of Oman. Dr. Kashoob also appreciated the keenness of the university to pay attention to vital issues that drive the movement of the economy and growth in the country through raising awareness of the successful methodologies for the establishment of small and medium-sized companies.

He pointed out that Dhofar University put the necessary plans for positive interacting with the development of the Omani economy and finding alternative ways to increase the national income and well-being of the society away from oil production. He also drew the attendee's attention to the fact that establishing the Entrepreneurship Business Center at the university in partnership with the governmental and private sectors and PROMOTECH CEI Centre is seeking to do the mentioned role through making scientific studies and specialized research projects for small and medium-sized companies and developing private education.

## CCBA Organized Students Retreat

**The Student Affairs Committee (SAC) in coordination with Students Council in CCBA organized student open day (retreat) attended by all faculty, staff and students in the college and the dean of CAAS as distinguished guest. The objective is to clear student's mind from any doubt concerning the academic rules and regulations and also create interaction culture between students and college management. The dean, assistant dean, chairs and SAC's answered all the questions raised by students.**
