TRC	The Research Council
URB	University Research Board
VC	Vice Chancellor

A Foreword by the Vice Chancellor

Writing an annual report is a time to look back at what we managed to accomplish and achieve in the last 365 days of the year. Dhofar University (DU) is built on the commitment, energy and drive of its management, faculty members and staff. I invite you to read the 10th annual research report to see how DU is a more happening place than the previous year(s).

The Academic Year (AY) 2017-18 was a year of significant and exceptional progress and achievements made at DU. The faculty members were involved in several Research activities. The ResearchGate (RG) score of the University increased significantly to over 1,056.99, which was instrumental in DU maintaining its position as 2nd best in Research among all the private Universities in Oman. This increment in the RG score of the University indicates that the faculty members were consistently active and productive in Research. During this AY, the focus and emphasis was on actively involving students in Research activities to promote research culture at DU. The results were commendable as our students won best FURAP award for FURAP Call 5 projects in ICT sector at national level. To acknowledge and appreciate the achievements of the faculty, students and the Research Centre, the “5th Annual Research Day” was organized on 20th November, 2017. Awards were given to deserving students and to faculty members for their excellence in teaching, research and community service in each college and FP unit.

In its endeavor to become a leading research hub in the region, DU Research Centre, in collaboration with the Department of Research, initiated and organized the “First International Meeting On Frankincense and Medicinal Plants (IMFM 2017)”, on 26th October, 2017 under the auspices of H.E. Sayyed Mohammed bin Sultan bin Hamoud Al-Busaidi, Minister of State and Governor of Dhofar, Sultanate of Oman. The event brought together the renowned international experts and researchers in the field. The leading experts in the field from Germany, UK, Australia, and Jordan presented their Research on Frankincense, particularly the medicinal properties of Dhofari Frankincense and other medicinal plants. The main objective of this event was to advance the research and scholarship on Frankincense and Medicinal Plants and enhance the possibilities of developing new medicinal products. This event also provided a platform for a number of national pharmaceutical companies, other firms dealing in Frankincense products, and Al Baled Museum to showcase their products and services. Another significant achievement in research and scholarly activities was the submission of two national level patent applications to the Ministry of Commerce and Industry of Oman by the Department of Research. Incidentally, one patent application is related to the “Antiasthmatic Effect of a Novel “Polyherbal” Composition in a Guinea Pig Model of Airway Inflammation” and the second application is related to refined Omani diesel fuel using bio-waste of coconut.

With a renewed commitment, energy and drive, we at DU look forward to more accomplishments and achievements through the next AY 2018-2019.

Sincerely,

Prof. Hassan Said Kashoob
Vice Chancellor

A Foreword by the Deputy Vice Chancellor

I feel an immense pleasure in presenting to you Dhofar University's 10th Annual Research Report that is an evidence of DU seeking to achieve the highest levels of distinction in the discovery and transmission of knowledge. Over the past 5 years, we were focusing on important DU projects like the implementation of the strategic and operational plan 2014-2019. Also, we have been very busy with the OAAA accreditation, which was a huge task where we had to take many initiatives and draft new policies, prepare supporting documents and organize extensive workshops to ensure that all criteria are met. Moreover, along with OAAA, we have been structuring the University with new bylaws, drafted and implemented 38 policies and established new College and departments. Now the next step is to draft a new SP for the period 2020-2025 where we have to develop a new research strategy to increase the capacity of faculty to conduct research, devise policies to have more students' involvement in research, get access to external research funding, and create more research clusters while focusing on topics that are beneficial to Oman.

During the AY 2017-18, faculty members were consistently active in Research. This is evident by a higher RG score of the University, which was instrumental in maintaining our position as 2nd best in Research, among all private Universities in Oman. Also, during the AY 2017-18, policies were strengthened to improve the quality and impact of research by encouraging faculty members to publish in high quality journals. As a result, the number of papers published in ISI journals increased two-folds as compared to previous years. Also, we emphasized students' involvement in Research activities to promote research culture at DU. The results were commendable as DU students won "Best FURAP Award" in ICT sector at the national level. 9 new applications for FURAP were submitted by our students to TRC during FURAP call 6. I am pleased to mention that out of them 4 projects have been approved recently. Also, our faculty have been actively submitting proposals for funds to TRC and other external funding agencies.

Lastly, I would like to express my utmost appreciation to our faculty members, students, the Department of Research and everyone who contributed to make it a success. I would like to thank the Board of Trustees and the Vice Chancellor Prof. Hassan Kashoob for their support for Research. Also, I would like to express my due respect to The Research Council, to our national & international collaborators and industrial partners for their continuous support. I believe that sooner DU will be recognized as a hub of quality research activities not only in Dhofar region but all across the Sultanate.

Thank you and Wishing you and DU all the best.

Kind Regards,

Prof. Mohamed Limam
Deputy Vice Chancellor

The **Tenth Annual Research Report** presents the 'Research output' of faculty members of Dhofar University (DU) for the AY 2017-18. Please note that:

- In the Publications' list, DU faculty members are indicated with bold letters.
- Only published or presented papers are listed. Manuscripts accepted but not yet published shall appear in the next annual Research report.

1. University Research Board

The URB helps foster and improve the Research environment at DU. The Members of the URB consists of two representatives from each College and a representative from the Foundation program appointed by the Dean or FP director for a term of two-year renewable for a similar term. The Chairperson, his/her assistant and any additional members are appointed by the DVC.

1.1 Members of the University Research Board (URB)

- Prof. Mohamed Limam, DVC, Chairperson URB
- Dr. Shafique Chaudhry, College of Arts and Applied Sciences
- Dr. Fadi Awawdeh, College of Arts and Applied Sciences
- Dr. Kavita Chavali, College of Commerce and Business Administration
- Dr. Mohammed Imran Khan, College of Commerce and Business Administration
- Dr. Said Grami, College of Engineering
- Dr. Ghada Rehan, College of Engineering
- Dr. Umamaheswara Rao, Foundation Program
- Ms. Sarah Iqbal, Department of Research & URB Coordinator

1.2 URB Activities during the AY 2017-18

During the Academic Year (AY) 2017-18, URB received a total of **139 applications** categorized as:

- **29** applications for Conference Grant (CG),
- **78** applications for the Research Publication Incentives (RPI) including 34 applications from AY 2016-17 that were put on hold due to budget shortage,
- **14** for the distribution of questionnaires, and,
- **18** requests for Research leave

129 applications were unanimously approved by the URB, Deputy Vice Chancellor (DVC) and the Vice Chancellor (VC), whereas, **2** applications were rejected while **37** were put on hold due to budget shortages that will be discussed during the next academic year. Figure 1 summarizes the URB activity during AY 2016-17 while figure 2 shows the comparison of URB activity over last five years i.e. from AY 2012-13 to AY 2016-17.

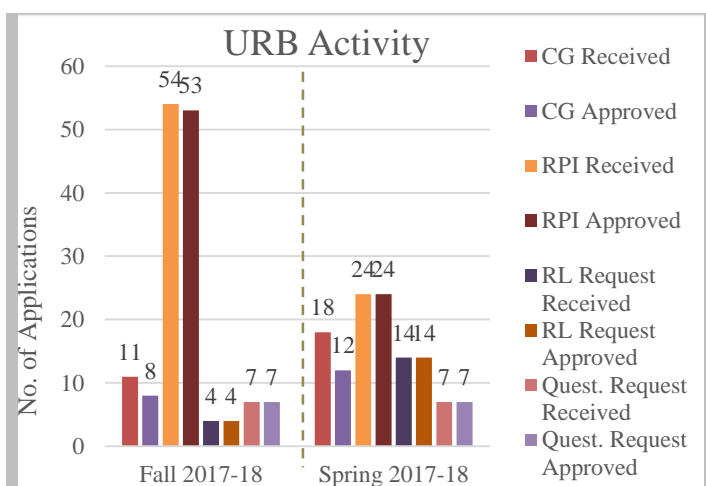

Figure 1: URB Activity during AY 2017-18

Figure 2: URB Activity Comparison over Past 5 years

UNIVERSITY RESEARCH BOARD

2. Research Budget

Total allocated budget for the Department of Research during the AY 2017-18 was 55,000 R.O. The budget specified for scientific activities was 47,000 R.O from which URB utilized an amount of 32,889 R.O for the approval of internal grants. The decline in the budget utilization was due to several factors including stricter policies and stringent review processes at College & University level. The practice was adopted to promote high quality research culture. For the AY 2018-19, the total budget allocated for the Department of Research is 58,000 R.O. out of which 50,000 R.O. is allocated for Research activities. Figure 3 shows the budget utilization for the AY 2017-18 while figure 4 shows the comparison of budget utilization over the past 5 years.

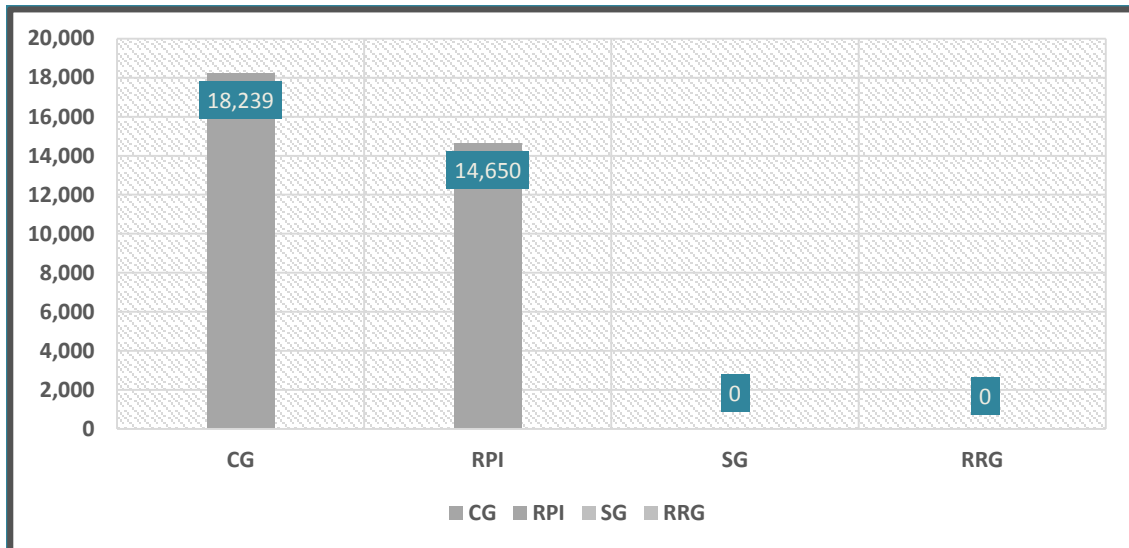

Figure 3: Breakdown of Budget Utilization for AY 2017-18

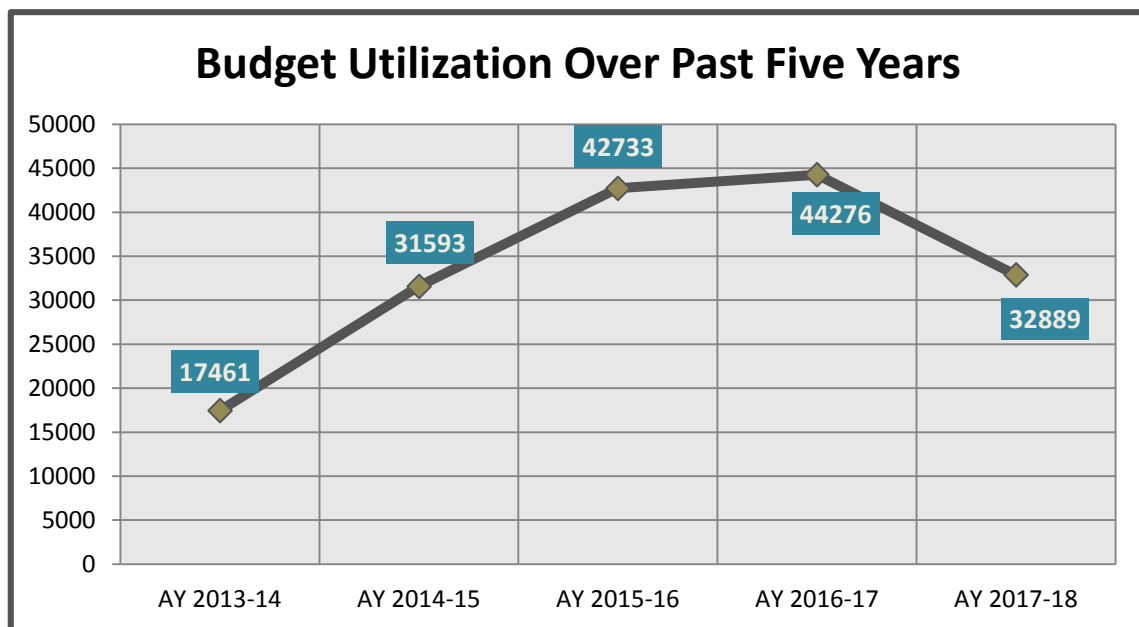

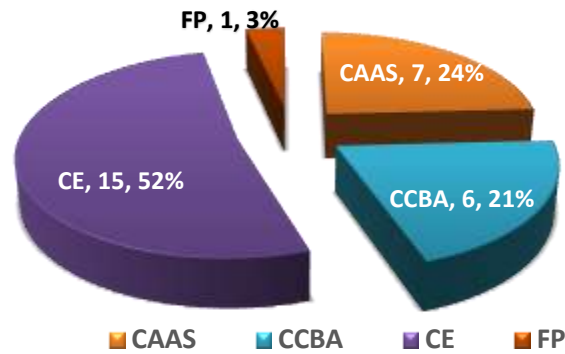

Figure 4: Budget Utilization over Past Five Years

RESEARCH BUDGET

3. Research Activities across Colleges & FP

Faculty members presenting their Research papers in prestigious conferences are eligible to receive a grant to cover their travel and accommodation along with the registration fee. Despite of stringent review process and strong policy, the number of applications for CG increased as compared to last academic year. 25 CG applications were received during the AY 2016-17, while the number of applications rose to 29 during AY 2017-18. Among these, 7 applications were from the College of Arts and Applied Sciences (CAAS), 6 from College of Commerce and Business Administration (CCBA), and 15 from College of Engineering (CE) while 1 application for CG were received from Foundation Program (FP). Figure 5 shows the distribution of CG applications across all Colleges and FP during the AY 2017-18.

COMPARISON OF RESEARCH ACTIVITIES ACROSS COLLEGES & FP

Beginning from the AY 2013-14, the URB in coordination with the DVC suggested incentives for Research to encourage faculty members at DU to engage in quality Research activities. The policy was updated in line with the Incentives & Rewards policy of DU during Spring 2016-17. As per the policy, the faculty will be eligible for incentives for publishing in Web of Science with impact factor, without impact factor, Scopus and Arabic Journal or Humanities & law (AJHL). To have more student's involvement and to promote research culture among DU students' community, incentives were also allocated for the faculty members publishing papers with DU students.

During the AY 2017-18, 78 applications were received for incentive claims compared to 129 applications during AY 2016-17. Among these, 32 applications were from CAAS, 23 from CCBA, 23 from CE while no applications for incentives were received from FP. Figure 6 shows the distribution of incentive claim applications received from all Colleges and FP.

Figure 6: Distribution of RPI applications across Colleges/FP

4. DR Activities during the AY 2017-18

4.1 URB Policy

The URB reviewed and modified the URB policy. The revision includes:

- Addition of clauses in Conference Grant, Research Publication Incentives and Seed Grant guidelines
- Tidying up the whole policy
- Updating forms

4.2. Turnitin Renewal

The annual subscription of the Turnitin software was renewed during Fall semester by the DR with more number of student accounts.

4.3. Strategic and Operational Plan for Research

As specified in the operational and strategic plan of DU, the DR with the support of URB, DQA and the DVC, worked tirelessly to achieve following objectives to promote quality Research across the University:

1. Strengthen Environment for Research Activities:

- Increase in the Research budget as compared to AY 2016-17.
- Promoting the faculty members to publish their Research work in quality journals that resulted in increased number of publications in Scopus and Web of Science indexed journals by 2 folds.
- Incentives given to faculty members for their quality Research papers published with DU students.
- Focused on involving students actively in research.

2. Develop DU into a Hub for Research Activities that are Important to the Region

- Worked in coordination with DVC and the Research Centre at DU in setting up of Frankincense and Biodiversity lab and promoting DU as the Hub for Frankincense Research in the region.
- Increased number of institutional and private Research activities in Dhofar region channelized through DU.
- Signed MoUs with national and international private and government entities (for details, refer to table 12).
- Organized First International Meeting on Frankincense & Medicinal plants in Oman.

3. Ensure Ethics and Bio-Safety in Research:

- Ensured the Implementation of the ethics policy while reviewing and evaluating external and internal Research requests.

4. Establish Research Teaching Nexus:

- Developed plans to focus on 'Research teaching nexus' during AY 2017-18 by promoting faculty members to incorporate their Research into curricula.

5. Spreading culture of Plagiarism-free Research Environment:

- Along with the DVC, Colleges and DQA, steps were taken to ensure that students ensure to use Turnitin to introduce a plagiarism-free research environment across DU.

DEPARTMENT OF
RESEARCH

26th October, 2017

FIRST INTERNATIONAL MEETING ON FRANKINCENSE & MEDICINAL PLANTS

26th October 2017

FIRST INTERNATIONAL MEETING ON FRANKINCENSE & MEDICINAL PLANTS

4.4 First International Meeting On Frankincense and Medicinal Plants, IMFM' 2017

The Research centre in collaboration with the Department of Research, the DVC office and the VC organized the “**First International Meeting On Frankincense and Medicinal Plants, IMFM' 2017**”, on 26th October, 2017 under the auspices of H.E. Sayyed Mohammed bin Sultan bin Hamoud Al-Busaidi, Minister of State and Governor of Dhofar, Sultanate of Oman. The event brought together the renowned experts and researchers in the field from all across the world. The experts from Germany, UK, Australia and Jordan presented their Research on Frankincense, particularly the medicinal properties of Dhofari frankincense and medicinal plants. The aim was to focus on Research and Development of Frankincense and Medicinal plants by transferring knowledge to industry. The event provided opportunities to researchers, experts, clinicians, local pharmaceutical companies, local growers and entrepreneurs to discuss recent developments in the field of secondary metabolites like gum resin, essential oils, alkaloids, flavonoids etc. extracted from the Dhofarian plants. It also offered a great opportunity to introduce delegates to new developments and breakthroughs in many disciplines related to Frankincense and medicinal plants research. The objective was to strengthen the status of Frankincense and some other medicinal plants as an important part of the world's cultural heritage.

IMFM' 2017

4.5 5th Annual Research Day

As a part of its vision to promote quality Research across DU and under the ‘Professional Development for Research Program, the DR along with the College Research Committees (CRC) organized the “5th Annual Research Day” under the auspices of Prof. Hassan Kashoob; Vice Chancellor, Dhofar University on 20th November, 2017. The aim was to celebrate the achievements by the faculty, students and the Research Centre in Research. The presentations were delivered by the faculty and students who successfully secured internal and external grants during the last Academic Year. This encouraged other students and faculty to actively participate in Research activities. The poster competition was held alongside the presentations where the undergraduate students presented their final year projects. As per the Incentives & rewards policy approved by the University Council (UC), an award ceremony was held where awards and certificates were distributed among faculty members and students towards the end of the event as detailed in table 1.

5th ANNUAL RESEARCH DAY 20th November, 2017

5th ANNUAL RESEARCH DAY IN PICTURES

عمان اليوم

العدد 1141 - تاريخ النشر: 27 نوفمبر 2017 - الساعة 11:00 صباحاً
Monday 27 November 2017 11:00 AM

1141 عمان

النسخة الخامسة تستعرض بحوثاً طلابية لأول مرة البحث العلمي بجامعة ظفار يسعى لبناء قدرات الكفاءات الوطنية

وقام رئيس الجامعة في ختام الملتقى بتوزيع الجوائز على جميع الكليات وأعضاء البرنامج التأسيسي وشملت الجوائز أفضل عضو هيئة أكاديمية وأفضل باحث وأيضاً جائزة أفضل من ساهم في خدمة المجتمع، وجائزة أفضل مشروع تخرج والذي كان من نصيب طالبة كلية الهندسة لمشروعهم نظام لجوال متحكم به لأغراض متعددة وأفضل مشروع لبرنامج دعم البحوث من قبل مجلس البحث العلمي وكان حول مشروع مجمع الحشمان للاستجمام.

جدير بالذكر أن الملتقى يقام بشكل دوري احتفاءً من الجامعة بحركة البحث العلمي على مستوى الأساتذة والطلاب. فمُنذ نشأة قسم البحث العلمي بالجامعة في 2014 تسارعت خطوات الدعم المالي واللوجستي لحركة البحوث العلمية من قبل إدارة الجامعة برئاسة الأستاذ الدكتور حسن بن سعيد كشوب والذي وضع جميع الإمكانيات لرفع مستوى البحوث في جميع التخصصات بكافة الكليات.

جانب من الملتقى

على البحوث ذات الفائدة للمملكة. وتم خلال الملتقى عرض كافة بحوث الجامعة الممولة من مجلس البحث العلمي وبحوث للطلاب. كما تم الأطلاق على المعرض المساحب والذي ضم أهم البحوث المقدمة من قبل الطلاب والبحوث الأخرى.

من الجامعة وجدت التمويل والرعاية من مجلس البحث العلمي بالمملكة. وأشار إلى أن استراتيجية البحوث بالجامعة تستند على هدفين هما المحرك الرئيسي لجميع استراتيجياتنا البحثية أولهما بناء القدرات للكفاءات الوطنية وثانياً التركيز

مكتب صلالة - حسن بن سالم الكثيري

قال البروفيسور محمد الإمام نائب رئيس جامعة ظفار إن الجامعة تعطي خطوات وإثقة على الطريق الصحيح في استراتيجية البحث العلمي بفضل ما وفرته إدارة الجامعة من دعم وتطوير ومتابعة وتنفيذ سياسات وأنشطة مناسبة لتعزيز هذه الجهود إضافة إلى العديد من الجوائز والجوائز. وقال في كلمة القاها في افتتاح ملتقى البحث العلمي الخامس الذي عقد بقاعة المؤتمرات، إن الجامعة وضعت نظاماً لترقية البحث العلمي حيث يعد ذلك من الضوابط والاشتراطات الواجب مراعاتها لجودة البحوث المنشورة في الدوريات العلمية وتهدف في المقام الأول لإيجاد بيئة منتجة ومحفزة للترقي في البحوث العلمية وتشجيع المساهمات البحثية للأساتذة والطلبة على وجه الخصوص في الدوريات والمؤتمرات وكافة الأشرطة العلمية داخليا وخارجيا. مبيّنا أن هناك الكثير من المشاريع البحثية المقدمة

جامعة ظفار تنظم الملتقى الخامس للبحوث

مختصر

شهدت قاعة المؤتمرات بجامعة ظفار مؤخرا فعاليات ملتقى البحث العلمي الخامس وهو أمر عمدت جامعة ظفار إلى الإحفاء به. فمُنذ نشأة قسم البحث العلمي بالجامعة في 2014 تسارعت خطوات الدعم المالي واللوجستي لحركة البحوث العلمية من قبل إدارة الجامعة برئاسة الأستاذ الدكتور حسن بن سعيد كشوب والذي سخر جميع الإمكانيات لرفع مستوى

البحوث في جميع التخصصات. تم بعد ذلك عرض جميع البحوث الممولة من مجلس البحث العلمي بجامعة ظفار، تم بعد ذلك الجول في معرض البحوث والإطلاع على أهم البحوث المقدمة من قبل الطلاب. وفي ختام

الملتقى قام رئيس الجامعة بتوزيع الجوائز على جميع الكليات والبرنامج التأسيسي وشملت الجوائز أفضل عضو هيئة أكاديمية، وأفضل باحث، وأيضاً جائزة أفضل من ساهم في خدمة المجتمع، وجائزة أفضل مشروع تخرج

5. The Research Council (TRC) Grants

During AY 2017-18, DU had 11 funded projects (including faculty and student projects) from TRC.

5.1 Open Research Grant (ORG)

Due to the economic condition of the country, TRC froze all grants during the last quarter of AY 2015-16. The funding for all ongoing projects was also stopped by TRC until the availability of funds. The applications were reopened at the beginning of the AY 2016-17 and the message was conveyed to all faculty members to submit new applications for Open Research Grant (ORG).

In the beginning of June, 2017, TRC approved funds as per the new guidelines for the second year for the ORG project by Dr. Shafique Chaudhry, that was approved in January, 2016 while the funds for year 1 were received in December, 2016. In the end of June, TRC released funds for the ORG project by Dr. Fethi Abbassi while the request for extension for Dr. Dekdouk's ORG project was approved in October, 2017. The EcoHouse project was approved for extension in November, 2017. No new projects were approved during current AY. Following are the details of all ORG grants:

Table 2: Details of Open Research Grant Projects

No.	Type of Application	Title	Principal Investigator	Status	Amount Approved for next Funding Year (OMR)
Ongoing projects					
1.	ORG	Intelligent Monitoring Systems for Cooperating Objects Using 6lowpan (6-IMS)	Shafique Chaudhry	Year II	37,188.410
2.		Natural Fractures Reactivation and its impact on Enhanced Oil Recovery	Fethi Abbassi	Year III	22,448.977
3.		Towards the Future Dhofar Smart Power Grid	Abdulkader Dekdouk	Extension Year until March, 2018	30,000
4.	EcoHouse Phase	EcoHouse Phase II	Dr. Liudmila Cazacova	Extension Year December, 2018	In process

5.2 Student Projects: Faculty Mentored Undergraduate Research Award Program (FURAP)

During the AY 2016-17, Seventeen (17) new proposals were submitted for FURAP call # 5 in different sectors that include Culture, Basic & Social Science, Information & Communication Technology, Environment & Bio resources, Industry & Energy, Education & Human Resources and Health & Social Development. Only 4 projects were approved for funding by TRC as shown in Table 3 below.

Table 3: Proposals Approved in FURAP Call #5

No.	Proposal Title	Faculty Mentor	Requested Budget
1.	Smart Vehicle over Speeding Detector	Dr. Sarfaraz Khan	1800
2.	Synthesis and characterization of bacterial celluloses from coconut water; an economically feasible bio-medical product	Dr. Mazhar Ul Islam	1200
3.	Agribot: the automatic planting system in Oman'	Dr. Najam Ul Hasan	2200
4.	The process of leadership emergence: an empirical Investigation in the private service sector of Oman	Dr. Rabia Imran	1000
Total			6200

5.3 Best FURAP Award

All FURAP project holders from FURAP Call#4 applied for the “FURAP Award” organized by the TRC that was awarded during the 3rd Annual Research Forum (ARF) held in Muscat on 10th December, 2017. One of the FURAP Project from DU won the “Best FURAP Award” in ICT sector from all across Oman. The students attended the ARF event in Sheraton and collected their award. The details of the project are tabulated via Table 4 below.

Table 4: Best FURAP Award by TRC

No.	FURAP Project	Investigators	College
1.	Ad-hoc Remotely controlled Rover System	Dr. Manaf Zghaibeh	CE, DU
		Mohammad Kashoob	
		Jawaher Kashoob	
		Noura Alamri	
		Musallam Ahmed Tabuk	
		Tafool Qatan	

**BEST FURAP AWARD IN ICT SECTOR ACROSS
OMAN**

6. Awards won by Faculty and Students for Research

DU faculty and students participated actively in several research activities and won honors and awards from national and international institutions and agencies. The honors & awards won by academic staff are detailed in Table 5 while the awards won by students for research are detailed in Table 6.

Table 5: Honors/Patent/Awards won by Academic Staff

No.	The name of academic staff	Department (College)	The Body that gave the Patent/ Prizes /Award
1.	Dr. Hatem Essa	Language & Translation (CAAS)	' Best Research Paper ' for his research paper on "featured speech" by Sultan Qaboos University, Sultanate of Oman
2.	Prof. Ibrahim Fattouh	Accounting & Finance (CCBA)	" Best Paper Award " for the research paper titled "The Impact of Some Characteristics of Corporate Governance on the Level of Optional Disclosures –A field study on Syrian private Banks operating in Syria Arab Republic" at The Third International Scientific Conference on Entrepreneurship and Innovation in Small Enterprises, Jourdan.
3.	Dr. Kavita Chavali	Accounting & Finance (CCBA)	' Outstanding Scientist Award ' for contribution to research in Finance conferred by Center for Advanced Research and Design, Venus International Foundation, India.
4.	Dr. Mohammed Imran Khan	Accounting & Finance (CCBA)	' Distinguished Faculty Award ' from Indo Global Chamber of Commerce, Industries and Agriculture, India
5.	Dr. Mohamed Wamique	Management & Marketing (CCBA)	' Best Paper Award ' for "The Impact of Teamwork of Employees: A Study of Faculty Members in Dhofar University" at Smart Education and Technology Symposium, IBRA, Sultanate of Oman.
6.	Dr. Shouvik Sanyal	Management & Marketing (CCBA)	' Best Paper Award ' for "The Impact of Teamwork of Employees: A Study of Faculty Members in Dhofar University" at Smart Education and Technology Symposium, IBRA, Sultanate of Oman.
7.	Dr. Manaf Zghaibeh	Electrical & Electronics Engineering (CE)	' Best FURAP Award in ICT Sector ' for FURAP project titled "Ad-hoc Remotely controlled Rover System" at National Research Forum by TRC, Sultanate of Oman.
8.	Dr. Md. Wasi Ahmad	Electrical & Electronics Engineering (CE)	' Excellence in Research (Scientist) Award ' by International conference on Advances in Agricultural and Biodiversity Conservation for Sustainable Development (ABCD-2017), India.

Table 6: Honors/ /Awards won by Students

	The name of Student	College	The Body that gave the Patent/ Prizes /Award
1.	1. Mohammad Kashoob	CE	‘ Best FURAP* Project in ICT Sector ’ in all across Oman from FURAP* Call 4 for Project titled “Ad-hoc remotely controlled rover system” at National research Forum by TRC, Muscat, Sultanate of Oman.
	2. Jawaher Kashoob		
	3. Noura Alamri		
	4. Tafool Qatan		
	5. Musallam Ahmed Tabuk		
2.	1. Mohammad Kashoob	CE	‘ Best FURAP* Award ’ for FURAP project titled “Ad-hoc remotely controlled rover system” in Dhofar University awarded on 5 th Annual Research day at Dhofar University, Sultanate of Oman
	2. Jawaher Kashoob		
	3. Noura Alamri		
	4. Tafool Qatan		
	5. Musallam Ahmed Tabuk		
3.	1. Mr. Mohammed Abdul Jabbar	CE	‘ Best Final Year Project ’ for project titled “Al Hishman Warm Spring Sulphur Resort” awarded on 5 th Annual Research day at Dhofar University, Sultanate of Oman
	2. Bahiya Mohammed Aqeel Muqaibal		

7. Research Activities in Biodiversity & Frankincense Unit in Research Centre

7.1 Development of Products

Since, its inception, the Research centre is actively involved in several research projects. One of the commendable achievements of the Frankincense & Biodiversity Research Unit led by Prof. Luay Rashan is the development of products for treatment of different diseases and ailments by using compounds present in Dhofari Frankincense and Myrrh as detailed below:

- Lubanoid for hemorrhoid
- LubanRelief for osteoarthritis
- LubanHeal for burns and wound healing
- PulmoHeal for asthma
- ColonHealth for irritable colon
- OsteoHeal for osteoarthritis

7.2 Patent

The Research centre filed application for patent namely “*The Anti Asthmatic Effect of a Novel Polyherbal Composition in a Guinea Pig Model of Airways Inflammation*” with the Ministry of Commerce & Industry, Oman.

7.3 Development of Tissue Culture facility

A tissue-culture unit in the biodiversity laboratory was established. The unit started anti-cancer screening of plant extracts collected from Dhofar region using three different cancer cell lines at the present time. The unit hope to bring and seed other cancer cell lines in the future.

7.4 Collaboration/MoU

The biodiversity unit managed to collaborate with many international universities and companies as follows:

1. Institute of Natural Products and Clinical Pharmacy, University of Ulm, Germany.
2. Institute of Pharmaceutical Biology, Mainz University, Germany.
3. Institute of Pharmaceutical Sciences, Albert-Ludwigs University, Freiburg.Germany.
4. Institute of Pharmaceutical Biology, Johannes Gutenberg University, Mainz-Uni-Mainz, Frankfurt.
5. Department of Psychiatry and Psychotherapy, Medical School, University of Freiburg.
6. Institute of Plant-Biochemistry, Halle-Saale, Germany
7. Oncotest GmbH, Freiburg, Germany.
8. 4HF Biotechnolgy –Anticancer Discovery Company, Freiburg. Germany.
9. Viva cell Biotechnology Company, Freiburg. Germany.
10. School of Chemistry, Bangor University. United Kingdom.
11. Department of Biomedical Sciences, University of Caglairai, Cittadella,Universitaria, Monserrato, Cagliari.Italy.
12. Dep. STEBICEF Universita degli Studi di Palermo, Palermo. Italy.
13. School of Pharmacy,Natural product Department, Hanyang University, South Korea.
14. Department of Stem cell and Regeneration Biology, Kankuk University, South Korea.
15. Department of Neurodegenerative diseases, Faculty of Medicine and Health Sciences. Macquarie University. Australia.
16. School of Natural Sciences, Griffith University, Australia.

7.5 Lectures & Presentations

During the AY 2017-18 Prof. Luay Rashan has been invited to deliver lectures at various national and international events. Also, many renowned scholars were invited from collaborating institutions to deliver lecture at Dhofar University as detailed below:

1. Ongoing Research Activities at The Biodiversity Unit-Research Center, Dhofar University, Date of presentation 13 March, 2018, Presenter: prof. Luay Rashan, Location: College of Medicine and Health Sciences, Sultan Qaboos University
2. Tryptophan and neuro inflammation, Date of Presentation:12 April, 2018, Location: Dhofar University, Presented by Prof. Gilles Guillemin- Macquire University, Australia.
3. Current Research Activities on Frankincense and other Medicinal Plants Growing in Dhofar, Date of Presentation 2 August, 2018, Institute of Plant Biochemistry, Halle, Germany.

7.6 Current Ongoing Research Activities:

1. Focusing on studying the in vivo anti-inflammatory activity of the most potentially active fractions / extracts obtained from *Boswellia sacra* especially those inflammations related to disorders in the immune system.
2. Studying the sub-acute, long term toxicity and genotoxicity of one of the most active extract obtained from *Boswellia sacra*.
3. In vitro anti-tumor activity to some extracts obtained from some plants growing in Dhofar region such as *Acacia* spp, *Commiphora* Spp, *Jatropha* Spp.
4. Studying the in vivo anti-tumor activity of some active extracts obtained from *Boswellia sacra* using myeloid and colon cancers models.
5. Chemical analysis of more than 25 extracts obtained from *Boswellia sacra* using HPLC/MS and some other chemical techniques.

اتفاقية للتعاون العلمي والبحثي بين جامعة ظفار ومعهد الكيمياء الحيوية للنباتات الألماني

جانب من تبادل مذكرات التعاون

مكتب صلالة - حسن بن سالم الكثيري

المجيدين في مجالات الكيمياء الحيوية العضوية والاختصاصات الأخرى حيث يضم أربعة أقسام. وقد أجريت خلال الفترة الماضية عدة تجارب وأبحاث على مستخلصات نباتات طبيعية وقطعت جامعة ظفار شوطا متقدما في استخلاص المخرجات الطبية والعلاجية لتلك النباتات التي تزدهر بها محافظة ظفار ويأتي هذا التطور استكمالاً لرسالة الجامعة في مجال البحوث العلمية و ترجمتها بالتعاون مع كبريات الجامعات والشركات في مجالات الأدوية والمستحضرات الطبية وقد خضت الجامعة خطى متقدمة وواثقة للدخول في شراكة لتصنيع تلك المنتجات الطبية المختصة، والفائدة المرجوة التي ستعود بالنفع على المجتمع .

وقعت جامعة ظفار إتفاقية تعاون علمي مشترك مع معهد الكيمياء الحيوية للنباتات في مدينه هاله الألمانيه تهدف إلى التعاون المشترك في إجراء البحوث العلمية في مجالات النباتات الطبية وإجراء الدراسات والأبحاث الأكاديمية المشتركة بين مركز أبحاث جامعة ظفار وقسم الكيمياء الحيوية العضوية بالمعهد، إضافة إلى التعاون في إقامة المؤتمرات العلمية ذات الأهمية عن الأبحاث والدراسات بين الجانبين وتبادل الزيارات بين الباحثين. يذكر أن معهد الكيمياء الحيوية الألماني يعتبر واحدا من أهم عشرة مراكز أبحاث عالمية في هذا المجال من حيث التثنيات والأجهزة المتطورة والباحثين

8. Highly Cited Researchers

The Table 7 below details the faculty members with greater than 10 citations from each department as per Google Scholar or ResearchGate:

Table 7: Highly Cited Researchers

	Department		The ISI highly cited researchers	Total citations
1.	Computer Science (CAAS)	1.	Shafique Ahmad Chaudhry	380
		2.	Abdelkader Dekdouk	102

14.	Department of Research (DR) & Research Centre (RC)	1.	Prof. Luay Rashan	459
		2.	Sarah Iqbal Khan	20
The total number of ISI highly cited researchers (Colleges)				CAAS = 26 CCBA = 24 CE = 23 DR & RC = 2

Note: -

- 1) * Denotes Citations from ResearchGate.
- 2) Researchers with total citations of 10 or more only are included in the table.

DU's Highly Cited Researchers

The background of the slide is a complex, abstract composition of various colored geometric shapes, including squares, rectangles, and triangles, in shades of green, blue, yellow, pink, and red. These shapes are arranged in a way that suggests a network or a map. Overlaid on these shapes are several thin, curved lines in various colors, including purple, blue, and yellow, which further enhance the abstract, scientific feel of the background.

The background of the slide is a complex, abstract composition of overlapping, semi-transparent geometric shapes in various colors including green, blue, pink, orange, and red. These shapes are arranged in a way that creates a sense of depth and movement, resembling a network or a data visualization. The overall aesthetic is modern and academic.

		9.	Umamaheswara Rao Bontha Syed Arshad Ali	Dhofar University	Post-Foundation Program Students' English Language Needs	2018, 3 rd International Conference , April 21-22, Doha, Qatar.
The total number of published papers(University)					University = 129	
Research Ratio (University)					Research Ratio= (129/155) x 100 = 0.83	

11. URB RESEARCH GRANTS

Conference Grant

No	Applicant Name	College /FP	Paper Title	Conference Title	Conference Location	Conference Date	Amount Approved (OMR)
1	Dr. Omar Durrah	CCBA	The quality of health care services from Patients' perspective: A comparative study between public & private hospitals in Oman	16th Arab Conference New Trends in Hospital Management: Building Resilient Health care Systems Under the Current Economic Recession	Cairo, Egypt	3rd December, 2017-5th December, 2017	960
2	Dr. Mazhar Ul Islam	CE	Synthesis of nano-biopolymer composites for wound and burns treatment	3rd International Conference on Composite Materials and material Engineering (ICCMME 2018)	Singapore	26th January, 2018-28th January, 2018	1000
3	Dr. Liudmila Cazacova	CE	Omani burqa'vc. Decorated façade of modern Omani house; the case study of Salalah, Dhofar region, Oman	Al Azhar's 14th International Conference on Engineering, Architecture & Technology (AEIC)	Cairo, Egypt	12th December, 2017-14th December, 2017	991
4	Dr. Najam A. Mahdi	CAAS	الآليات المتوفرة لحماية البيئة البحرية دولياً مع الإشارة إلى دور سلطنة عمان في حماية البيئة البحرية	آليات حماية البيئة	Tribuli, Lebanon	26th December, 2017- 27th December, 2017	836
5	Dr. Sarfaraz Khan	CCBA	A critical SWOT analysis of S-commerce by SMEs in Oman	IEEE International Conference on Industrial Technology and Management	Oxford, UK	7th March, 2018 - 9th March, 2018	980
6	Dr. Md. Wasi Ahmed	CE	Synthesis and characterization of RGD peptide coated Gd ₂ O ₃ Nanoparticles for MRI contrast agent	3rd International Conference on Composite Materials and material Engineering (ICCMME 2018)	Singapore	26th January, 2018-28th January, 2018	1000
7	Dr. Awadalkareem Ahmed Alhassan	CAAS	Exploring EFL postgraduate students' learning needs on English-medium business programmes	52nd Annual International IATEFL Conference and Exhibition, 2018	Brighton, United Kingdom	10th April, 2018-13th April, 2018	970
8	Dr. Shafique Chaudhry	CAAS	A cooperative trilateration technique for object localization	20th IEEE International Conference on Advanced Communications Technology	Elysian Gangchon, South Korea	11th February, 2018-14th February, 2018	1000
9	Dr. Furqan Ahmad	CE	Numerical simulation modeling techniques for the impact behaviour of carbon fiber/epoxy laminate composite plates	16th European mechanics of materials conference	Nantes, France	26th March 2018-28th March, 2018	1000

Conference Grant

10	Dr. Rabia Imran	CCBA	High performance work systems and performance: An in-depth analysis in Omani context	Academy of International Business	Chicago, Illinois	18th April, 2018-20th April, 2018	1000
11	Dr. Mansour Alraja	CCBA	Towards SMEs' Digitalization: The influential factors from the perspective of SMEs' leaders	Majan International Conference, 2018	Muscat, Oman	19th March, 2018-20th March, 2018	246.9
12	Dr. Ahmed Elsayed Abu Elanien	CE	Protection of star connected multi-terminal HVDC systems with offshore wind farms	IEEE 12 th International Conference on Compatibility, Power Electronics and Power Engineering	Doha, Qatar	10th April, 2018-12th April, 2018	940.8
13	Dr. Manaf Zghaibeh	CE	d-SHAM: An O(d) Scalable Routing Algorithm	32 nd IEEE International Conference on Advanced Information Networking and Applications	Poland	16th May, 2018-18th May, 2018	1000
14	Dr. Suhail Ghouse	CCBA	Barriers to internationalization in SMEs: Evidence from Indian exporters	AIB-UK&I 2018- International Business Strategies in a changing commercial and political landscape	Birmingham, UK	12th April, 2018 - 14th April, 2018	968
15	Mr. David William	FP	Improving Arabic speakers' reading comprehension in English through reading aloud	QUFP International Conference on Language and Teaching	Doha, Qatar	21 April, 2018 - 22 April, 2018	446
16	Dr. Najam Ul hassan	CE	Self organized energy efficient channel assignment for cognitive D2D communication in 5G networks	5th International Conference on Electrical and Electronics Engineering	Istanbul, Turkey	3rd May, 2018 - 5th May, 2018	900
17	Dr. Mosleh Musallam Mustafa Al Majali	CAAS	التوظيف الأمثل لمفاهيم علم النفس الايجابي في تعزيز و تنمية مهارات السلوك القيادي لدي القيادات الإدارية والأكاديمية في الجامعات قيادة الفريق أنموذجاً	المؤتمر الدولي الثاني للاتجاهات الحديثة في العلوم الانسانية والاجتماعية	Istanbul, Turkey	25th April, 2018 - 29th April, 2018	1000
18	Dr. Thabit Sultan	CE	A fog computing-based model for mitigation of traffic congestion	IEEE 8th International conference on intelligent systems, modelling and simulations	Kuala Lumpur, Malaysia	8th May, 2018 - 10th May, 2018	1000
19	Dr. Fadi Awawdeh	CAAS	Inverse problems in industry: Theory and Methods	20th European Conference on Mathematics and Industry, 2018	Budapest, Hungary	18th June 2018-22nd June, 2018	1000
20	Dr. Imran Baig	CE	A filtering based precoded multicarrier NOMA scheme for 5G cellular networks	International symposium on networks, computers and communications	Rome, Italy	19th June, 2018 - 21st June, 2018	1000

Research Publication Incentives

No	Applicant Name	College	DB	Authorship	Paper Title	Journal Title	Amount Approved (OMR)
1	Dr. Ahmed Abu Elanien	CE		old application	A non-communication based protection algorithm for multi terminal HVDVC grids	Electric power systems research	300
2	Dr. Biju Theruvil Sayed	CAAS		old application	A prototype to detect and efficiently rectify faults in a smart power grid using an intelligent knowledge based information system	Journal of theoretical and applied information technology	300
3	Dr. Mohammed Idrees	CAAS		old application	Modulation of physiological activities, active constituents and essential oil production of Mentha arvensis L. by concomitant application of depolymerised carrageenan, triacontanol and 28-homobrassicin	Journal of essential oil research	100
4	Dr. Gowhar Ahmed Naikoo	CAAS		old application	Screening of low cost agricultural wastes to maximize the fructosyltransferase production and its applicability in generation of fructooligosaccharides by solid state fermentation	International Biodeterioration and Biodegradation	100
5	Dr. Najam Ul Hassan	CE		old application	Device centric throughput and QoS optimization for IoTs in a smart building using CRN-techniques	Sensors	200
6	Dr. Najam Ul Hassan	CE		old application	Optimized energy harvesting, cluster head selection and channel allocation for IoTs in smart cities	Sensors	200
7	Dr. Zaroug Osman Bilal	CCBA		old application	The impact of liquidity management on financial performance in Oman banking sector	International Journal of Applied Business and Economic Research	200
8	Dr. Sameen Ahmed Khan	CAAS		old application	Primes in Geometric-Arithmetic progression	Global Journal of Pure and Applied Mathematics	300
9	Dr. Faris Nasif Alshubairi	CCBA		old application	Assessing the impact of structural indicators for the European union banking system on economic evolution: an empirical investigation in EU	Banks on Bank Systems	200
10	Dr. Khaliqzaman Khan	CCBA		old application	Reliability analysis of Mukherjee-Islam distribution under three different prior distributions	Global Journal of Pure and Applied Mathematics	300
11	Dr. Khaliqzaman Khan	CCBA		old application	A study of customer satisfaction on select service dimensions with reference to ATMs and CDMs services in Oman	Journal of Business and Retail Management Research	200

Research Publication Incentives

12	Dr. Sabir Ali Siddiqui	CAAS	old application	Characterization of a basic finite range probability distribution	International Journal of Agricultural and Statistical Sciences	300
13	Dr. Shouvik Sanyal	CCBA	old application	The impact of service quality on customer satisfaction: A study on selected retail stores in India	International Review of Management and Marketing	200
14	Dr. Mansour Alraja	CCBA	old application	The adoption of internet banking: Clients' perspective in Oman	International Review of Management and Marketing	300
15	Dr. Zaroug Osman Bilal	CCBA	old application	Cooperative study on performance of Islamic banks and conventional bank, evidence from Oman	International Journal of Economics and Financial Issues	300
16	Dr. Sameen Ahmed Khan	CAAS	old application	Passage from scalar to vector optics and the Mukunda-Simon-Sudarshan theory for praxial systems	Journal of Modern Optics	300
17	Dr. Md. Shabbir Alam	CCBA	old application	Customer purchasing decision and brand equity: A study on multiutility-vehicles	International Journal of economic research	300
18	Dr. Mansour Alraja	CCBA	old application	The effect of social influence and facilitating conditions on e-government acceptance from the individual employees' perspective	Polish journal of management studies	300
19	Dr. Shafique Chaudhry	CAAS	old application	Adaptive Trim tree: Green data center networks through resource consolidation, selective connectedness and energy proportional computing	Mdpi Energies	200
20	Dr. Tariq Mohammed Salih Atiya	CCBA	old application	The relationship between ownership, Management and Performance in Family-run Business in Oman: Case of Dhofar Province	Corporate Ownership and Control	300
21	Dr. Md Shabbir Alam	CCBA	old application	Oil demand and price elasticity of energy consumption in the GCC countries: A panel cointegration analysis	Business and Economic Horizons	200
22	Dr. Sameen Ahmed Khan	CAAS	old application	Hamilton's Optical-Mechanical Analogy in the Wavelength-dependent Regime	Optik-International Journal for Light and Electron optics	300
23	Dr. Fadi Awawdeh	CAAS	old application	An automatic scheme on the homotopy analysis method for solving nonlinear algebraic equations	Italian Journal of Pure and Applied Mathematics	200
24	Dr. Rabia Imran	CCBA	old application	Directive leadership and satisfaction: a unique relationship	Advanced Science Letters	200
25	Dr. Said Grami	CE	old application	Identification of GMS friction model using new switching function: experimental investigation	International Journal of Modelling, Identification	300

Research Publication Incentives

					and Control		
26	Dr. Inayat ur Rehman	CAAS	old application		Structures of generalized fuzzy sets in non-associative rings	International Journal of Pure and Applied Mathematics	300
27	Dr. Inayat ur Rehman	CAAS	old application		A novel approach to analyze S-boxes in Image Encryption using Fuzzy Soft Set Aggregation Operator	Journal of Multiple-Valued Logic and Soft Computing	300
28	Dr. Mohammad Ahmar Khan	CCBA	old application		Internet usage patterns: An exploratory study in Oman	International Journal of Applied Engineering Research	300
29	Dr. Nadia Sha	CCBA	old application		Virtual banking and online business	Banks and Banks Systems	300
30	Dr. Biju Theruvil Sayed	CAAS	old application		Measuring process innovation on double flanked conceptual model for knowledge sharing on online learning environment	Journal of theoretical and applied information technology	200
31	Dr. Mazhar Ul Islam	CE	old application		Current advancement of magnetic nanoparticles in adsorption and degradation of organic pollutants	Environmental Science and Pollution Research	300
32	Dr. Mazhar Ul Islam	CE	old application		Bacterial cellulose-zinc oxide nanocomposites as a novel dressing system for burn wounds	Carbohydrate Polymers	100
33	Dr. Samir Hammami	CCBA	old application		Understanding value characteristics toward a robust IT governance application in private organizations using COBIT framework	International Journal of Engineering Business Management	200
34	Dr. Ahmed Saadi Ibrahim	CE	old application		Mathematical model describes treatment of waste water using modified activated carbon	The journal of Engineering Research	300
35	Dr. Himangshu Bhowmik	CE	Scopus & Web of Science w/IF	1st Author	Efficiency improvement of flat plate solar collector using reflector	Energy Reports	100
36	Dr. Furqan Ahmed	CE	Web of Science w/IF	2nd Author	Review of analytical empirical estimations for incident blast pressure	KSCE Journal of Civil Engineering	200
37	Dr. Furqan Ahmed	CE	Web of Science w/IF	1st Author	Hygroscopic effects on the penetration-resistance behaviour of a specially-orthotropic CFRP composite plates	Composite Structures	200
38	Dr. Fethi Abbassi	CE	Web of Science w/IF	2nd Author	Self-consistent fractal damage of natural geo-materials in finite strain	Mechanics of Materials	150
39	Dr. Naushad Alam	CCBA	Scopus	1st Author	Analysis of the impact of select macroeconomic variables on the Indian stock market: A heteroscedastic cointegration approach	Business and Economic Horizons	100
40	Dr. Mazhar Ul Islam	CE	Web of Science w/IF	2nd Author	Recent advancement in bioreactions of cellular and cell-free systems: A study of	Korean Journal of Chemical Engineering	150

Research Publication Incentives

					bacterial cellulose as a model		
41	Dr. Faris Nasif Alshubairi	CCBA	Scopus	1st Author	Evaluating the impact of financial banking development on economic growth: an empirical investigation in Sultanate of Oman	Indian Journal of Finance	100
42	Dr. Faris Nasif Alshubairi	CCBA	Scopus	1st Author	The impact of green logistics-based activities on the sustainable monetary expansion indicators of Oman	Journal of Industrial Engineering & Management	150
43	Dr. Fadi Awawdeh	CAAS	Web of Science w/IF	1st Author	Source degenerate identification problems with smoothing overdetermination	Advances in Difference Equations	200
44	Dr. Rabia Imran	CCBA	Scopus	1st Author	Teachers' turnover intentions: examining the impact of motivation and organizational commitment	International Journal of Educational Management	100
45	Dr. Ahmed Elzein	CAAS	AJHL	1st Author	احكام الصلح و قواعد في قانون المعاملات المدنية-دراسة مقارنة	مجلة العلوم القانونية والاقتصادية	100
46	Dr. Ahmed Elzein	CAAS	AJHL	1st Author	مشتملات العقد في قانون المعاملات المدنية	مجلة العلوم القانونية والاقتصادية	150
47	Dr. Mohammad Abdullah Al Shawabkeh	CAAS	AJHL	1st Author	موقع السلطة التقديرية في اركان القرار الاداري	مجلة العلوم القانونية والاقتصادية	100
48	Dr. Mohammad Abdullah Al Shawabkeh	CAAS	AJHL	1st Author	سلطة تأديب الموظف العام في التشريع العماني-دراسة تحليلية	مجلة الحقوق و العلوم الانسانية	150
49	Dr. Asad Rehman	CCBA	Scopus	2nd Author	Impact of social relationships on electronic word of mouth in social networking sites: a study of inian social network users	Inetrnational Journal of Electronic Marketing and Retailing	75
50	Dr. Suhail M. Ghouse	CCBA	Scopus	1st Author	Barriers to rural women in entrepreneurs in Oman	International Journal of Entrepreneurial Behavior	100
51	Dr. Mohammed Ahmer Uddin	CCBA	Scopus	1st Author	Microinsurance in India: insurance literacy and demand	BEH-Business and Economic Horizons	100
52	Dr. Shafeeq Taha AlNobany	CAAS	AJHL	1st Author	The cultural dimensions of metonymy: terminology, construction and connotations	The Journal of the College of Islamic & Arabic Studies	100
53	Dr. Youssef Fandi Chebat	CAAS	AJHL	1st Author	نظرية سحب القرارات الإدارية في ضوء القضاء	مجلة العلوم القانونية والاقتصادية	100
54	Dr. Mazhar Ul Islam	CE	Web of Science w/IF	2nd Author	Nano-gold assisted highly conducting and biocompatible bacterial cellulose-PEDOT:PSS films for biology-device interface applications	International Journal of Biological Macromolecules	250
55	Dr. Mazhar Ul Islam	CE	Web of Science w/IF	1st Author	Bacterial cellulose-TiO2 nanocomposites promotes healing and tissue regeneration in burn mice wounds	RSC Advances	100

Research Publication Incentives

56	Dr. Mazhar Ul Islam	CE	Web of Science w/IF	1st Author	Strategies for cost-effective and enhanced production of bacterial cellulose	International Journal of Biological Macromolecules	300
57	Dr. Umer Farooq	CE	Web of Science w/IF	1st Author	Novel architecture space exploration environment for multi-FPGA based prototyping systems	Microprocessors and microsystems	200
58	Dr. Imran Baig	CE	Web of Science w/IF	1st Author	A precoding based multicarrier non-orthogonal multiple access scheme for 5g cellular networks	IEEE Access	200
59	Dr. Manaf Zghaibeh	CE	Web of Science w/IF	1st Author	SHAM: Scalable homogeneous addressing mechanisms for structures P2P networks	EURASIP journal on wireless communications and networkings	200
60	Dr. Thabit Sultan Mohammed	CE	Web of Science w/IF	2nd Author	Neural network classification of white blood cell using microscopic images	International Journal of Advanced Computer Science and Applications	150
61	Dr. Maisoon Al Jurf	CAAS	Arabic Journal	1st Author	اللغة السردية في رحلة ابن جبير	مجلة كليات الدراسة الإسلامية والعربية	100
62	Dr. Sameen Ahmed Khan	CAAS	Web of Science w/IF	1st Author	Aberrations in Helmholtz Optics	Optik-International Journal for Light and Electron optics	200
63	Dr. Gowhar Ahmed Naikoo	CAAS	Scopus	2nd Author	Electrochemical determination of an anti-hyperlipidemic drug pitavastatin at electrochemical sensor based on electrochemically pre-treated polymer film modified GCE	Journal of Pharmaceutical Analysis	75
64	Dr. Gowhar Ahmed Naikoo	CAAS	Web of Science w/IF	2nd Author	An efficient green synthesis of some functionalized spiro chromene based scaffolds as potential antitubercular agents	Journal of Heterocyclic Chemistry	200
65	Dr. Gowhar Ahmed Naikoo	CAAS	Web of Science w/IF	3rd Author	Porous CuO catalysed green synthesis of some novel 3-alkylated indoles as potent antitubercular agents	Journal of Saudi Chemical Society	150
66	Dr. Imran Baig	CE	Web of Science w/IF	3rd Author	Wireless sensors' civil applications, prototypes and future integration possibilities: A review	IEEE Sensor Journal	100
67	Dr. Manaf Zghaibeh	CE	Web of Science w/IF	1st Author	O-Torrent: A fair, robust and free riding resistant P2P content distribution mechanism	Peer to Peer networking and Applications	250
68	Dr. Youssef Fandi Chebat	CAAS	AJHL	1st Author	القرار الإداري بين القابل للإبطال والمنعدم	مجلة العدل	150
69	Dr. Mohd Shariq Khan	CE	Web of Science w/IF	3rd Author	Measuring the reliability of a natural gas refrigeration plant: Uncertainty propagation and quantification with	Reliability engineering and system safety	100

Research Publication Incentives

					polynomial chaos expansion based sensitivity analysis		
70	Dr. Inayat ur Rehman	CAAS	Scopus	1st Author	Hyperidelas and hypersystems in LA-hyprerings	Songklanakarin Journal of Science and Technology	100
71	Dr. Faruk Lukman Hakim	CAAS	Scopus	2nd Author	Dietary crocin reverses melanoma metastasis	Journal of biomedical research	75
72	Dr. Sabir Siddiqui	CAAS	Scopus	2nd Author	Bayes estimator of scale parameter of size-biased mukherji-islam by lindley's approach	International journal of agriculture Statistics	75
73	Dr. Najm A. Mahdi	CAAS	AJHL	1st Author	الحجز على السفينة في القانون العماني والإتفاقيات الدولية، دراسة تحليلية مقارنة	مجلة جيل الأبحاث القانونية المعمقة	100
74	Dr. Najm A. Mahdi	CAAS	AJHL	2nd Author	حقوق الإنسان الاقتصادية في الشريعة الإسلامية والمائي الدولية، حق العمل وحق الضمان الإجتماعي انموذجا	مجلة جامعة تكريت للحقوق	150
75	Dr. Ridha Horchani	CAAS	Web of Science w/IF	1st Author	Refractive index sensing using a linear graded plasmonic chain of metal nano- particles	Chinese journal of physics	200
76	Dr. Suhail M. Ghouse	CCBA	Scopus	2nd Author	Young arab consumers: ana analysis of family buying process in Oman	Young Consumers	100
77	Dr. Manaf Zghaibeh	CE	Web of Science w/IF	1st Author	d-Sham: A constant degree scalable homogeneous addressing mechanism for structured P2P networks	IEEE Access	300
