1.1 Background

Dhofar University (DU) is a private institution of higher education in Salalah, Sultanate of Oman, established by Ministerial Decree No. 5/2004 issued in January 2004. The University formally commenced its operations in September 2004. DU has a Board of Trustees that represents its highest policy making body.

During the same academic year, in April 2019, DU was Internationally accredited by UK based Accreditation Services for International Colleges and Universities (ASIC). Thus, DU has a unique distinction of being the first University in Oman to be accredited nationally by OAAAQA and internationally by ASIC from UK.

DU was awarded a special certificate of appreciation by ASIC Chairperson for “The Development of Outstanding Student Centered Education” in April 2019. DU was also presented Inclusivity award for its work in promoting opportunities for people with disabilities in March 2021.

Additionally, DU has been awarded the ISO 9001/2015 certificate for its services of admission and registration. This certificate denotes the sincere efforts the university exerts to keep improving its overall system to meet its stakeholders’ expectations.

1.9 Academic Year and Semesters

The academic year at DU is divided into two main semesters (known as Fall Semester and Spring Semester) of sixteen weeks of instruction each, and a Summer semester of eight weeks of instruction (Summer semester delivers the same number of contact hours as in the regular semester). However, for the FP the academic year is divided into three equal semesters of 14 weeks each.

1.10 DU Website

Dhofar University has a dynamic Website which provides the necessary information to all the stakeholders. Please visit the DU Website for a tour of the University.

1.11 University Catalogue

DU publishes a comprehensive catalogue every academic year giving details about its operations, academic programs offered, admission requirements and procedure, tuition fees, graduation requirements, and relevant rules and regulations concerning students. The catalogue is made available on DU Website.

([Catalogue](#))

2 ACADEMIC INFORMATION

2.1 The Foundation Program

DU offers a Foundation Program, which is aligned with Oman Academic Standards (OAS) for General Foundation Program (GFP). All students admitted to DU have to take a placement test conducted by the FP. The placement test assesses the English language, Math and IT proficiency of the student and; based on the result of the placement test, they are divided into two groups.

2.1.1 Students whose scores are substantially high

These are the students whose proficiency in English language, Math and IT is sufficiently high and are qualified enough to proceed directly to the first year of the undergraduate (Diploma or Bachelor) program.

2.1.2 Students who need remedial work

These are the students whose proficiency in English language, Math and IT is not up to the mark and who need to join the FP, for one or more semesters, so that they can attain the required level of proficiency.

There are three levels in the FP for English language and two each for Maths and IT. The students are placed at the appropriate level, depending on their performance in the placement test.

Students cannot proceed to Colleges without completing all FP requirements.

The academic year for FP consists of three semesters (terms), term 1, term 2 and term 3 of twelve weeks of instruction each. For academic calendar of FP, see page no.36.

All FP students who repeat the same level of any FP course three times will be dropped from the program. Students dropped from the FP are not allowed to register in the program again. However, a student is allowed to re-join the Program if he/she passes the failed course or its equivalent elsewhere in one of the recognised Higher Education Institutions (HEI).

Study Plan for FP

The following table summarizes the FP Study Plan:

Level	English Hours per week	Mathematics Hours per week	IT Hours per week	Total Hrs per Week
Level 1	25	2	0	27
Level 2	20	5	3	28
Level 3	20	5	3	28

2.6 Transfer from Another HEI, Residency Requirements and Course Equivalency

2.6.1 Transfer from Another Recognized College/University

Students who have started their studies in some other HEI recognized by MoHERI, in or outside Oman, and wish to move and continue their study at DU can do so by submitting an application form with the required documents in addition to their previous transcripts and course descriptions to the Admission Section in the DAR. The transfer students are advised to apply as early as possible prior to the start of the semester, as announced in the academic calendar on DU Website, in order to get the course equivalency process done by the beginning of the registration period.

Such students are admitted after the following conditions are satisfied:

- 1) they meet DU's admission requirements
- 2) they satisfy the residency requirements for visa purposes (for non-Omanis)
- 3) they were not dismissed from the previous HEI for any disciplinary reason.

If any of the submitted documents is found to be fabricated, the University reserves the right to dismiss the student from the University with no obligations from its end.

2.6.2 Residency Requirements at DU (Minimum Credits to be studied at DU)

Students transferring to DU from other HEI must earn at least 60 credits (30 credits) required for graduation while in residence at DU for a Bachelor Degree (Diploma). In other words, an equivalency of a transfer student cannot exceed 50% of the total number of credits for the academic program he/she is joining at DU.

2.6.3 Course Equivalency Criteria

A course taken for credit by a transfer student at another HEI prior to joining DU may be transferred to DU credit subject to the following conditions:

- 1) The course is deemed equivalent to a course offered at DU, i.e. it covers 70% of the topics, involves the same components (lecture, lab, tutorial), and has the same number of credits or more
- 2) At any circumstances, the number of transferred courses must not exceed 50% of the total number of credit hours required for the academic program the student is applying to.

2.7 Registration

Periods of registration are announced in the academic calendar which is published in the University Catalogue and on DU's Website. Students should refer to it.

2.8 Credit Load

- 1) A full-time student should register for not less than 12 credits and no more than 15 credits (18 for engineering and Law students) in any regular (Fall and Spring) semester.
- 2) A student may register for up to 18 credits (19 for engineering and Law students) if he/she has a cumulative average of at least 80 or a semester average of 80 for two consecutive semesters. However, the approval of the college is required for cases beyond these conditions.
- 3) A student can register in a summer semester for a maximum of 6 credit hours only. There will be no academic status (probation) for the summer semester. The student's academic status will remain as it is in the previous semester.
- 4) Credit for incomplete courses will be included in the semester in which the incomplete courses were taken. The evaluation for that semester will be carried out as soon as the grades for the incomplete courses have been finalized.

2.9 Course Requirements for Academic Programs

The course requirements for the academic program are stated in the student's plan of study (POS). Even though the POS of one program is different from another, still all these PoS for undergraduate programs share a same structure of the course distribution as given below.

2.9.1 University Requirements

This includes courses that are common for all programs across DU Colleges. These courses aim to provide essential knowledge and skills that are required to be acquired by all DU students. The courses of this category must be completed by all students of DU.

The total number of "University Requirements" for bachelor's program is up to 30 credits and for diploma program up to 21 credits. The English and Mathematics courses are designed separately for the needs of the students based on their colleges/majors. The other courses are common for all students across the university.

2.9.2 College Requirements

This includes courses that are common among the students of the same college only. The number of credit hours differ based on the level of the degree and the nature of the program. The courses of this category must be completed by all students who belong to the same college. These are mentioned under the particular program and college in this catalogue.

2.9.3 Major Requirements

Students of the same major have to study a specific group of courses that differ according to the major and level of the degree. The courses of this category must be completed by all students who belong to the same major. These are mentioned under the particular program and college in this catalogue.

2.9.4 Elective Requirements

This category is only available at the bachelor level where students have the freedom to select from a number of courses within the required number of credits allotted for this category. Under this category there are sub categories which are: general electives, social electives,

college electives and major electives. These are mentioned under the particular program and college in this catalogue.

2.10 Tuition Fees and Refund Policy

2.10.1 Tuition Fees

Tuition fees are as follows:

- 900 RO for each of three semesters for the Foundation Program.
- 70 RO for each credit hour taken in the Fall, Spring and Summer semesters for all Undergraduate Programs.

The above fees do not include books, transportation or late registration.

2.10.2 Tuition Fees Refund Policy

A student may withdraw from a semester after registration, but the refund of tuition fees depends on the timing of the withdrawal:

- 1) Full tuition fees will be refunded only to those students who withdraw from the semester before the end of the first week of classes.
- 2) 50% of tuition fees will be refunded to those students who withdraw before the end of the second week of classes.
- 3) NO REFUND will be made to students who withdraw from the semester from the beginning of the third week of classes and onward.

2.11 Academic Advisors

Each student is assigned an academic advisor at DU. The academic advisor is a faculty member in the academic department in which the student is enrolled. The role of the academic advisor is to assist the advisee in preparing course schedule during registration, support and guide him/her during the university studies, monitor the academic progress, and offer counselling on any academic difficulties or problems the student may experience.

2.12 Study Plans

The study plan is considered to be the road map for students to progress smoothly in their studies towards their graduation. Each student will follow the defined study plan of her/his degree and the student's academic advisor would help him/her prepare a schedule in accordance with that study plan. The approval of the advisor is required before a student could register and finalise his/her schedule. In case of the online registration, the student is required to consult his/her advisor on the courses he/she needs to register.

For a complete list of study plans of Degrees offered by the University, the student is referred to the University Catalogue where a detailed account of these study plans are given per semester.

2.13 Drop and Add

2.13.1 Drop and Add Period

The drop and add period is announced in the DU academic calendar. Only the courses that remain in the schedule after the drop-and-add period will appear on the student's permanent academic record and transcript.

2.13.2 Drop and Add Rules

DU follows the credit hour system where students register for a certain number of credits per semester. A student is given an opportunity to choose his/her courses with the help of academic advisor during the registration period. Students should use the advanced online registration system of DU to register and make any Drop/Add operation. However, if for any reason, the online facility was not possible, the student has an opportunity to make changes during the drop-and-add period by submitting a "Drop-and-Add Form" approved by the academic advisor to the DAR. A student may change a section provided it does not create a time conflict with his/her current schedule.

2.14 Attendance and Withdrawal

2.14.1 Class Attendance and Absence Rules

Attendance of all classes and course-related activities is obligatory. The maximum absences allowed for a student is 25% of the total number of sessions of a particular course. Before reaching the withdrawal stage, DU system warns the students by way of three warnings sent to their DU email account by DAR.

This email messages to students is a formal communication of the university with its students; therefore, students are strongly advised to access their DU email accounts on daily basis to track their absences, along with other important things, to respond appropriately when needed.

The warnings of absences are as follows:

- 1) **First warning:** this is when a student's absence reaches **07%** of the total number of sessions of a particular course.
- 2) **Second warning:** this is when a student's absence reaches **14%** of the total number of sessions of a particular course.
- 3) **Third warning:** this is when a student's absences reach **21%** of the total number of sessions of a particular course.

If the absence crosses 25%, the student will be dismissed from the course and a "WA" will be shown in his/her transcript against the dismissed course and dismissal letter will be sent to his DU email account.

2.14.2 Withdrawal from Courses

A student may withdraw from one or more courses after the Drop and Add period subject to the following conditions:

- 1) Student cannot withdraw or be withdrawn from a course after the announced deadline (not later than 14 weeks from the start of the semester or 7 weeks in the Summer semester). Student who withdraws from a course will receive a grade of "W."
- 2) Student cannot withdraw or be forced to withdraw from a course if this results in his/her being registered for less than 12 credits without the approval of the College Council.

Students who withdraw from a course are given a grade of "W", but those whose absence exceeds 25% will receive a grade of "WA".

2.14.3 Postponement of a Semester

A student can apply to postpone a semester at any time up to the last day of the Add-and-Drop period using the Clearance and Postponement forms on the DU SIS. The maximum number of times a student can postpone from a semester is four, given that he/she does not exceed the

A student who fails an elective course may not have to repeat it as long as he/she can achieve the minimum cumulative average and the minimum number of credits required for graduation. A student must pass all core courses to be eligible for graduation. Please read the "Academic Dismissal" section for related important information.

2.15.2 Repeating Courses

A student's academic performance is assessed throughout the semester using various instruments: home works, exams, research papers, projects, practical works, researches, etc. The student has the right to receive continuous feedback about his/her performance. The instructor must complete a through-the-term performance assessment to give students a chance to withdraw from the course before the end of the withdrawal period and to help academic advisors to better advise students for the next semester registration.

All courses normally have final examinations that students must take. The instructor will announce at the beginning of the semester the course syllabus where course components and associated assessment criteria are clearly stated. The course components and their allotted grades must comply with the University policies.

2.18 Incomplete Course Work

A student who misses the final exam shall receive a grade of zero for that. However, if the student makes a petition to his department with a valid excuse for his/her absence, and the petition is approved, a grade of incomplete 'I' would be posted on the student's record.

Normally, no incomplete grade of "I" is given as a final grade in any course. In exceptional cases, and provided the guidelines stated below are met, a student may be allowed to make up the incomplete work. These guidelines are:

- 1) For securing permission to complete the work for a course, a student must submit a valid excuse to the instructor of the course along with the form "I" up to two weeks from the final examination date of that course. Students should be aware that approval is not automatically granted. Form "I" is available on the student's DU SIS account through the Students' Request Handler.
- 2) Students permitted to complete the work for a course must do so up to two (2) weeks of the start of the immediate next semester. However, incomplete work of Spring semester can be completed within two (2) weeks of Fall semester.
- 3) After the incomplete work is done and evaluated, the course instructor should complete an electronic change of grade form that should be approved by the concerned College Council.

- 1) If he/she fails to clear her/his strict academic probation, which, as was stated earlier, is the final stage in academic probation, excluding the summer term. The dismissal from a major, college or DU depends on the student's specific problem which should be determined by the College Council based on the advisor's opinion. That is, the student is dismissed because of a major required course then the dismissal should be from the major. If, otherwise, the probation was caused by a particular failure in a college

required course, then the dismissal should be from the college and the student should change the college.

- 2) If he/she fails in any compulsory course for a total of four times. A student can be dismissed for this reason even if he/she is in the final year at DU. DU has a Learning Support Center (LSC), which is responsible for providing students, especially the students at risk (under academic probation), and also the students with special learning needs with a personalised assistance, in a supportive atmosphere, through a peer-assisted learning scheme.

The Academic Coordinator of the College prepares a list of the students at risk and distributes it to the advisors concerned. These are the students who are under academic probation or border-line cases, and therefore require special attention. The academic advisors encourage these students at risk to attend peer tutoring sessions provided by the LSC.

Peer-assisted learning uses the services of senior-level students to support their peers. Faculty-members recommend outstanding students to serve as peer tutors. There is a provision of monetary incentive for such work. This also provides valuable training and learning experience for the peer tutors and helps them in developing professional, academic and English language skills, under competent supervision.

The LSC provides its services free of charge to all DU underperforming students. It is open on all working days from 8 am to 3 pm so as to provide maximum benefit to the students. LSC services include tutoring, mentoring, supplemental instruction and computer-aided instruction, delivered through one-to-one tutoring or small study groups. However, LSC is not meant to replace classroom instruction or any other means of instruction offered by faculty-members. For more details ([Click here](#))

7.8 Students' Grievance

Grievance is a cause for complain due to unfair treatment presumed by the student. It is something that causes distress to the student and for which they seek redressal. The unfair treatment may be in violation of University Bylaws, policies or establish practices. When this feeling develops among the students, it is likely to affect their academic performance. With an objective to provide healthy environment to students, DU has a well-defined student grievance policy, which provides fair internal process to resolve student grievances.

DU strongly encourages students to settle their grievances amicably in an informal way. Accordingly, a student can always bring his/her grievance to the notice of the Department Chair (Level coordinator for FP students), who will discuss it with the concerned person and try to settle the issue. In most cases, the discussion of the grievance with the concerned person will result in a prompt and amicable solution, acceptable to both parties.

However, if the informal approach has not led to resolving the grievance, DU provides a formal two-tier approach for dealing with student grievances, consisting of a formal complaint and formal appeal,

A formal complaint about academic grievance, must be submitted to the concerned Department Chair (Level/ Program coordinator for FP students). For non-academic grievance it should be submitted to the office of the concerned College Dean (Office of FP Director for FP students) or the DSA, depending on the nature of the grievance.

If a student is not satisfied with the outcome of a formal complaint (decision of the College Council/ Student Disciplinary Committee) and feels that his/her grievance has not been resolved fairly, he/she has the option to appeal against this decision to the University Appeal Committee (UAC).

A student may withdraw the complaint or appeal at any time in writing on the prescribed form during the grievance resolution process and the case will be dropped.

7.9 Appeal Procedure

If a student is not satisfied with the outcome of a formal complaint and feels that his/her grievance has not been resolved fairly, he/she has the option to appeal against the decision of the CC/FPC/SDC to the University Appeal Committee chaired by the DVC, within a week from receiving the decision.

Appeals should be submitted in writing on the prescribed form to the office of the DVC within one (1) week of the date of notification of the outcome of the CC/FPC/SDC or imposing of disciplinary measures, citing the justification for the appeal. The DVC's Office will acknowledge the receipt of the student's appeal in writing.

The DVC will call for a meeting of the University Appeal Committee within two weeks of receiving the appeal. The committee will act fairly, keeping in mind the rules of equity and fairness. Both parties involved will be given an opportunity to present their case.

The decision of the University Appeal Committee will be final and the DVC will communicate the decision in writing in the prescribed form to the parties concerned within one week of the date of the meeting of the University Appeal Committee.

Both parties involved in the grievance will acknowledge the decision of the University Appeals Committee in writing.
