2 ACADEMIC INFORMATION

2.1 The Centre for Preparatory Studies (CPS)

DU has a Centre for Preparatory Studies (CPS) that offers Foundation Program (FP) courses to all students admitted to DU. All Foundation Program courses are aligned with Oman Academic Standards (OAS) for General Foundation Program (GFP). All students who enrol at DU in different colleges should take a placement test that assesses the test takers' proficiency in English Language, Math, and IT. Based on their performance in the placement test, they are divided into two groups:

2.1.1 Students whose scores are substantially high

This category encompasses students whose proficiency levels in English language, Math, and IT are sufficiently high and are qualified enough to proceed directly to the first year of the undergraduate (Diploma or Bachelor) program.

2.1.2 Students who need to undergo foundation courses

This category encompasses students whose proficiency levels in English language, Math, and IT are lower than the required proficiency levels. These students need to join the CPS, for one or more terms so that they can meet the required level of proficiency. There are three levels in English language, Math, and IT foundation program courses offered by the CPS. The students are placed at the appropriate level based on their performance in the placement test. Students cannot proceed to colleges without completing all the requirements of FP courses by CPS.

The pass grade for all FP courses at CPS is 50%. However, students who choose the Architectural Engineering major are required to attain no less than 60% in the FP English, Math, and IT to pass and progress to college.

The academic year for CPS consists of three terms: term 1 (fall), term 2 (spring) and term 3 (summer) including twelve weeks of instruction each. For academic calendar of CPS.

All CPS students who repeat the same level of any FP courses for three times will be dropped from the program. Students who are dropped from the program are not allowed to register in the program again. However, students are allowed to re-join the Program if they manage to pass the failed course or its equivalent elsewhere in one of the recognised Higher Education Institutions (HEI).

Study Plan for CPS

The following table summarizes the CPS Study Plan:

Level	English Hours per week	Mathematics Hours per week	IT Hours per week	Total Hrs per Week
Level 1	20	4	2	26
Level 2	20	4	4	28
Level 3	20	4	4	28

3 DEANSHIP OF ADMISSION, REGISTRATION AND STUDENT AFFAIRS

There are three departments under the Deanship of Admission, Registration and Student Affairs (DARSA). These are: Department of Admission and Registration (DAR), Department of Student Affairs (DSA) and Department of Female Student Residency (DFSR). Each of these departments is headed by a Director who has a set of authorities and responsibilities that enables him/her achieving the objectives of his/her concerned department.

3.1 Department of Admission & Registration

Registration is the operation in which a student selects his/her courses, has them approved by his/her academic advisor, pays the required fees and then registers Online using the Student Portal (DU SIS) on the University website or with the help of the academic advisors at the colleges. The department announces the dates of and procedures for registration in the University Calendar and posts them on bulletin boards inside the University and on the University's website.

The period of registration ends one day before classes start. Late registration is permitted for a certain period which is usually two days from the beginning of classes with the approval of the concerned Dean of the college. One of the consequences of not registering on time is that a student may not find enough courses to register in. Students who want to make changes in their schedules should do so during the drop and add period during the fall and the spring semesters and during the first two days of the summer session either online through the DU Website or through the Office of Admission and Registration, when registration through the online fails. The University has the right to cancel all the courses in which not enough students registered. The minimum number of students required for a course not to be cancelled varies from one college to another.

3.1.1 Application Procedures

Every applicant is required to submit an application online through the DU Website (www.du.edu.om), along with uploading copies of the following colour-scanned supporting documents:

- 1) A recent photograph
- 2) A valid passport first and second pages, in addition to the Omani visa page for non-Omanis.
- 3) The national identity card for Omanis OR residence card for non-Omanis.
- 4) A certified copy of the General Education Diploma Certificate or its equivalent
- 5) A non-refundable application fee of RO 30 for Diploma/Bachelor program. Payment can be made to the bank account of Dhofar University as mentioned in the online application.

Please note that any certificate that has originated from a foreign country must be authenticated by the Ministry of Education for the high school certificate and from the Ministry of Higher Education for the Diploma certificate and Bachelor degree.

3.1.2 Admission Requirements for Undergraduate Programs

- 1) Students are admitted to the Undergraduate Programs on the basis of their:
 - a) General Education Diploma Certificate or its equivalent:
 - b) Results of the English, Mathematics and IT placement tests conducted by DU CPS

- 2) Based on the results of placement tests, accepted students are divided into two groups as follows:
 - a) Students who need remedial work; will join the CPS, for one or more semesters, until they successfully complete the Program; and
 - b) Students who proceed directly to the first year of the Diploma or Bachelors Program.
- 3) Students may be exempted from English, Mathematics or IT Foundation requirements and admitted directly to their chosen fields of specialisation if they meet the following criteria:
 - a) Exemption from English requires a minimum score 50 on the Cambridge University Online Placement Test or a minimum score of 5 in IELTS or a minimum of 500 in TOFEL.
 - b) Exemption from Mathematics requires a minimum score of 60 on the CPS Math Placement Test.
 - c) Exemption from IT requires a minimum score of 70 in the Moodle-based IT Placement test or an International (English) IC3 certificate. In case of the provision of a domestic (Arabic) IC3 certificate, students shall be required to take an IT Challenge Test and score a minimum of 60%.

Please note that the validity of these international tests is limited to two years from the date of taking the exam. Applicants must submit the original certificate of test results and the University reserves the right to verify the authenticity of the certificate. Holders of International English Language Testing System (IELTS) and Test of English as a Foreign Language (TOEFL) certificates issued by institutions outside Oman may be asked to sit for the placement test.

3.1.3 Transferring Credits from Another Institution, Studying Period, and Equivalency

3.1.3.1 Transferring Credits from Another Institution

For students considering a transition from another accredited college or university, Dhofar University offers a seamless pathway to continue their education. To facilitate this process, interested students must submit an application along with essential documents, including their previous academic records and course descriptions. The submitted courses are meticulously evaluated by the University's Admissions and Registration Department. To ensure a smooth transition, it is recommended that transfer students initiate their applications well in advance of the semester's commencement, as indicated in the university's academic calendar. This early application allows ample time for the course equivalency assessment to be completed before the registration period begins.

Eligibility for transfer students is contingent upon satisfying the following conditions:

- Meeting Dhofar University's admission criteria.
- Fulfilling the residency prerequisites for visa purposes (for non-Omani students).
- Maintaining a clean disciplinary record and not having been expelled from their previous educational institution for any misconduct.

It is important to note that should any falsified documents be identified among the submitted materials; the University reserves the right to expel the student without assuming any responsibilities.

3.1.3.2 Studying Period at Dhofar University (Minimum Credit Hours)

Students transferring to Dhofar University from other institutions are expected to complete a minimum of 60 credit hours (30 credits) during their tenure at Dhofar University to qualify for a bachelor's degree (diploma). In other words, the total credit hours granted for courses taken at the previous institution cannot exceed 50% of the total credits required for the academic program in which the student is enrolled at Dhofar University.

3.1.4 Course Equivalency Criteria

A passed course taken for credit by a transfer student at another HEI prior to joining DU may be transferred to DU credit subject to the following conditions:

- 1) The relevant documents should be provided to DU at the time of admission. Students who bring documents for courses after starting their study at DU may not be considered for equivalency.
- 2) The course is deemed equivalent to a course offered at DU involves the same components (lecture, lab, tutorial), and has the same number of credits or more.
- 3) At any circumstances, the number of transferred courses must not exceed 50% of the total number of credit hours required for the academic program the student is applying to.

3.1.5 Registration

Periods of registration are announced in the academic calendar which is published on DU's Website. Students should refer to it.

3.1.6 Credit Load

- 1) A full-time student should register for not less than 12 credits and no more than 15 credits (18 for engineering and Law students) in any regular (Fall and Spring) semester.
- 2) A student may register for up to 18 credits (19 for engineering and Law students) if he/she has a cumulative average of at least 80 or a semester average of 80 for two consecutive semesters.
- 3) A student can register in a summer semester for a maximum of 6 credit hours only. There will be no academic status (probation) for the summer semester. The student's academic status will remain as it was in the previous semester.
- 4) If graduation within the semester necessitates it, cases exceeding credit load conditions require approval from the college.
- 5) Credit for incomplete courses will be included in the semester in which the incomplete courses were taken. The evaluation for that semester will be carried out as soon as the grades for the incomplete courses have been finalized.
- 6) Please refer the Student Handbook of the College Medicine for MD Program.

3.1.7 Course Requirements for Academic Programs

The course requirements for the academic program are stated in the student's plan of study (POS). Even though the POS of one program is different from another, still all these PoS for undergraduate programs share a same structure of the course distribution as given below.

3.1.7.1 University Requirements

This includes courses that are common for all programs across DU Colleges. These courses aim to provide essential knowledge and skills that are required to be acquired by all DU students. The courses of this category must be completed by all students of DU.

The total number of “University Requirements” for bachelor’s program is up to 30 credits and for diploma program up to 21 credits. The English and Mathematics courses are designed separately for the needs of the students based on their colleges/majors. The other courses are common for all students across the university.

3.1.7.2 College Requirements

This includes courses that are common among the students of the same college only. The number of credit hours differ based on the level of the degree and the nature of the program. The courses of this category must be completed by all students who belong to the same college.

3.1.7.3 Major Requirements

Students of the same major have to study a specific group of courses that differ according to the major and level of the degree. The courses in this category must be completed by all students who belong to the same major. For majors mandating practical training, students in their third year with 90 or more completed credit hours are allowed to register for the practical training course. However, the maximum number of academic hours they can register for in that semester is limited to 6 credits.

3.1.7.4 Elective Requirements

This category is only available at the bachelor level where students have the freedom to select from a number of courses within the required number of credits allotted for this category. Under this category, there are sub categories which are: general electives, social electives, college electives and major electives.

3.1.8 Tuition Fees and Refund Policy

3.1.8.1 Tuition Fees

Tuition fees are as follows:

- **900** RO for each of three semesters in the CPS.
- **70** RO for each credit hour taken in the Fall, Spring and Summer semesters for all Undergraduate Programs.
- **80** RO for each credit hour taken in the Fall, Spring and Summer semesters for all Undergraduate Programs. (New Programmes)
- **190** RO for each credit hour taken in the Fall, Spring and Summer semesters for **Omani student in College of Medicine**
- **210** RO for each credit hour taken in the Fall, Spring and Summer semesters for **non - Omani student in College of Medicine**

The above fees do not include books, transportation or late registration.

3.1.8.2 Tuition Fees Refund Policy

A student may withdraw from a semester after registration, but the refund of tuition fees depends on the timing of the withdrawal:

- 1) Full tuition fees will be refunded only to those students who withdraw from the semester before the end of the first week of classes.
- 2) 50% of tuition fees will be refunded to those students who withdraw before the end of the second week of classes.
- 3) NO REFUND will be made to students who withdraw from the semester from the beginning of the third week of classes and onward.

3.1.9 Academic Advisors

Each student is assigned an academic advisor at DU. The academic advisor is a faculty member in the academic department in which the student is enrolled. The role of the academic advisor is to assist the advisee in preparing course schedule during registration, support and guide him/her during the university studies, monitor the academic progress, and offer counselling on any academic difficulties or problems the student may experience.

3.1.10 Study Plans

The study plan is considered to be the road map for students to progress smoothly in their studies towards their graduation. Each student will follow the defined study plan of her/his degree and the student's academic advisor would help him/her prepare a schedule in accordance with that study plan. The approval of the advisor is required before a student could register and finalise his/her schedule. In case of the online registration, the student is required to consult his/her advisor on the courses he/she needs to register.

3.1.11 Drop and Add

3.1.11.1 Drop and Add Period

The drop and add period is announced in the DU academic calendar. Only the courses that remain in the schedule after the drop-and-add period will appear on the student's permanent academic record and transcript.

3.1.11.2 Drop and Add Rules

DU follows the credit hour system where students register for a certain number of credits per semester. A student is given an opportunity to choose his/her courses with the help of academic advisor during the registration period. Students should use the advanced online registration system of DU to register and make any Drop/Add operation. However, if for any reason, the online facility was not possible, the student has an opportunity to make changes during the drop-and-add period by submitting a "Drop-and-Add Form" approved by the academic advisor to the DAR. A student may change a section provided if it creates a time conflict with his/her current schedule.

3.1.12 Attendance and Withdrawal

3.1.12.1 Class Attendance and Absence Rules

Attendance of all classes and course-related activities is obligatory. The maximum absences allowed for a student is 25% of the total number of sessions of a particular course. Before reaching the withdrawal stage, DU system warns the students by way of three warnings sent to their DU email account by DAR.

This email messages to students is a formal communication of the university with its students; therefore, students are strongly advised to access their DU email accounts on daily basis to track their absences, along with other important things, to respond appropriately when needed.

The warnings of absences are as follows:

- 1) **First warning:** this is when a student's absence reaches **07%** of the total number of sessions of a particular course.
- 2) **Second warning:** this is when a student's absence reaches **14%** of the total number of sessions of a particular course.
- 3) **Third warning:** this is when a student's absences reach **21%** of the total number of sessions of a particular course.

If the absence crosses 25%, the student will be dismissed from the course and a "WA" will be shown in his/her transcript against the dismissed course and dismissal letter will be sent to his DU email account.

3.1.12.2 Withdrawal from Courses

A student may withdraw from one or more courses after the Drop and Add period subject to the following conditions:

- 1) Student cannot withdraw or be withdrawn from a course after the announced deadline (not later than 14 weeks from the start of the semester or 7 weeks in the Summer semester). Student who withdraws from a course will receive a grade of "W."
- 2) Student cannot withdraw or be forced to withdraw from a course if this results in his/her being registered for less than 12 credits without the approval of the College Council.

Students who withdraw from a course are given a grade of "W", but those whose absence exceeds 25% will receive a grade of "WA".

3.1.12.3 Postponement of a Semester

A student can apply to postpone a semester at any time up to the last day of the Add-and-Drop period using the Clearance and Postponement forms on the DU SIS. The maximum number of times a student can postpone from a semester is four, given that he/she does not exceed the maximum period allowed to study the program, i.e. eight years for bachelor and four years for the diploma program. When a student returns to the University after semester postponement (for one semester or more), he/she should fill in and submit a 'Resumption of Studies Approval Form' for this purpose through the DU SIS.

3.1.12.4 Withdrawal from a Semester

A student can apply to withdraw from a semester at any time after the Add-and-Drop period until the last day of course withdrawal, using the Clearance and Withdrawal forms on the DU SIS. The maximum number of times a student can withdraw from and/or postpone a semester is four, given that he/she does not exceed the maximum period allowed to study the program, i.e. eight years for bachelor and four years for the diploma program. When a student returns to the university after semester withdrawal (for one semester or more), he/she should fill in and submit a 'Resumption of Studies Approval Form' for this purpose through the DU SIS.

3.1.12.5 Withdrawal from the University

A student may apply to withdraw from the University by submitting a Student's Clearance and Withdrawal forms available on the DU SIS/DU Website.

3.1.13 Failing, Repeating and Substituting of Courses

3.1.13.1 Failing Courses

If a student fails a course, no re-sit examination is permitted. A student who fails a required course must repeat the course at the earliest opportunity. A student who fails an elective course, he/she doesn't have to repeat it. The student may select another course from the

proposed elective courses in his/her Plan of Study (PoS) to maintain the minimum cumulative average and the minimum number of credits required for graduation. A student must pass all courses as per his/her plan of study (PoS) to be eligible for graduation. Please read the "Academic Dismissal" section for related important information.

3.1.13.2 Repeating Courses

- 1) A student may repeat any course for which he/she received a grade of less than 70.
- 2) A student who fails in a course four times (Original attempt plus three repeats) will be dropped from the University/College/ program/major depending on the category of the course. Please read the "Student at Academic Risk Policy" for related important information.
- 3) When a course is repeated, the highest grade will be considered in the calculation of the CGPA. All course grades will remain a part of the student's permanent record.
- 4) A student who, at the end of her/his fourth year, fails to attain CGPA of 65%, will be required to repeat courses in which the student has scored low grades.

3.1.13.3 Substituting Courses

A student may be allowed to substitute a course for another in the Plan of Study provided that the substituted course is of the same level or higher than the one being substituted for and is not a major course. Approval of the College Council is required.

3.1.14 Transferring within DU Majors or Colleges

A student may transfer from one major to another within the same college or to different college after meeting the admission requirements of the new major and college. The student of this case should duly complete a "Change of Degree/ Major" form available on the DU SIS. This should be done at least one month before the beginning of the new semester.

3.1.15 Assessment and Examinations

A student's academic performance is assessed throughout the semester using various instruments: home works, exams, research papers, projects, practical works, researches, etc. The student has the right to receive continuous feedback about his/her performance. The instructor must complete a through-the-term performance assessment to give students a chance to withdraw from the course before the end of the withdrawal period and to help academic advisors to better advice students for the next semester registration.

All courses normally have final examinations that students must take. The instructor will announce at the beginning of the semester the course syllabus where course components and associated assessment criteria are clearly stated. - 2) Students permitted to complete the work for a course must do so up to two (2) weeks of the start of the immediate next semester. However, incomplete work of Spring semester can be completed within two (2) weeks of Fall semester.
- 3) After the incomplete work is done and evaluated, the course instructor should complete an electronic change of grade form that should be approved by the concerned College Council.
- 4) If no valid excuse is presented or the work, if permitted, is not completed within the time limit specified above, the "I" will be dropped and the numeric grade available will become the final grade in the course.

7.8 Students' Grievance

Grievance is a cause for complain due to unfair treatment presumed by the student. It is something that causes distress to the student and for which they seek redressal. The unfair treatment may be in violation of University Bylaws, policies or establish practices. When this feeling develops among the students, it is likely to affect their academic performance. With an objective to provide healthy environment to students, DU has a well-defined student grievance policy, which provides fair internal process to resolve student grievances.

DU strongly encourages students to settle their grievances amicably in an informal way. Accordingly, a student can always bring his/her grievance to the notice of the Department Chair (Level coordinator for CPS students), who will discuss it with the concerned person and try to settle the issue. In most cases, the discussion of the grievance with the concerned person will result in a prompt and amicable solution, acceptable to both parties.

However, if the informal approach has not led to resolving the grievance, DU provides a formal two-tier approach for dealing with student grievances, consisting of a formal complaint and formal appeal,

A formal complaint about academic grievance, must be submitted to the concerned Department Chair (Level/ Program coordinator for CPS students). For non-academic grievance it should be

submitted to the office of the concerned College Dean (Office of CPS Director for CPS students) or the DSA, depending on the nature of the grievance.

If a student is not satisfied with the outcome of a formal complaint (decision of the College Council/ Student Disciplinary Committee) and feels that his/her grievance has not been resolved fairly, he/she has the option to appeal against this decision to the University Appeal Committee (UAC).

A student may withdraw the complaint or appeal at any time in writing on the prescribed form during the grievance resolution process and the case will be dropped.

7.9 Appeal Procedure

If a student is not satisfied with the outcome of a formal complaint and feels that his/her grievance has not been resolved fairly, he/she has the option to appeal against the decision of the CC/CPSC/SDC to the University Appeal Committee chaired by the DVC, within a week from receiving the decision.

Appeals should be submitted in writing on the prescribed form to the office of the DVC within one (1) week of the date of notification of the outcome of the CC/CPSC/SDC or imposing of disciplinary measures, citing the justification for the appeal. The DVC's Office will acknowledge the receipt of the student's appeal in writing.

The DVC will call for a meeting of the University Appeal Committee within two weeks of receiving the appeal. The committee will act fairly, keeping in mind the rules of equity and fairness. Both parties involved will be given an opportunity to present their case.

The decision of the University Appeal Committee will be final and the DVC will communicate the decision in writing in the prescribed form to the parties concerned within one week of the date of the meeting of the University Appeal Committee.

Both parties involved in the grievance will acknowledge the decision of the University Appeals Committee in writing.
